# Gas Appliance Testing Certification & Listing

**GAS  
APPLIANCES**

LabTest Certification Inc., an independent Certification Body (CB) accredited by the Standards Council of Canada, is recognized to test and certify various product categories for safety, efficiency and Energy Star certification. LabTest provides gas and solid fuel appliance manufacturers with testing and certification services to comply with almost any safety standard (CSA, CGA, UL, EN, IEC, ANSI, etc.), including Energy Efficiency Regulations set forth by Natural Resources Canada (NRCAN).

## How LabTest Can Help

As your partner, LabTest provides a single source for all your product testing and certification needs. Gas appliance products we test and certify for global markets include:

- > Household & Commercial Appliances
- > Fireplaces
- > Fire Pits & BBQ's
- > Boilers, Heaters & Furnaces
- > Heating & Ventilation Products
- > Cooling Appliances
- > Multi Fuel: Gas, Pellet, Wood, Oil, etc.
- > Greenhouse Carbon Dioxide Generators
- > Industrial Gas Burners
- > Chimney Venting Products & Field Special Inspections/Evaluations.

With our commitment to customer service and understanding of the national product safety standards, LabTest provides a cost effective and efficient route for all your product certification and testing requirements.

For organizations with global markets and/or multiple product categories, LabTest offers you a 'One-Stop-Solution' for both domestic and international markets.
